

2014 NJPGA CETP Training Schedule & Course Descriptions

Basic Principles & Practices in Propane (1.0) – 2 days - \$260 per person

Wed-Thurs, June 4-5, 2014, 8 a.m.–4 p.m., Amarone's Windsor Inn, Windsor, NJ (Instructor: Dan Waters)

Basic Principles and Practices is a prerequisite to the more advanced classes (except for Transport Delivery), and includes modules covering the physical properties and combustion characteristics of propane, identifying propane industry standards, safety codes and regulations, identifying the basic parts of tanks, cylinders, and bulk storage installations, maintaining a safe working environment, identifying commonly used hand tools and supplies, and serving the customer.

Price includes books, exam, continental breakfast and lunch.

Installing Appliances & Interior Vapor Distribution Systems (4.3, formerly 6.0) – 3 days - \$360 per person

Tues-Thurs, July 8-10 2014, 8 a.m.-4 p.m., Amarone's Windsor Inn, Windsor, NJ (Instructor: Dan Waters)

Appliance Installation is a prerequisite to 7.0-Appliance Service. Appliance Installation covers placing propane utilization equipment into service, identifying the fundamental principles of venting and ventilation, pressure testing and leak checking propane piping systems, controlling propane/air mixtures for proper combustion, and sizing and installing natural draft venting systems.

Price includes book, exam, continental breakfast and lunch.

Applying Basic Electricity to Service Propane Appliances (7.0) – 3 days - \$360 per person

Tues-Thurs, Aug 5-7, 2014, 8 a.m.-4 p.m., Amarone's Windsor Inn, Windsor, NJ (Instructor: Ron Waters)

Basic Electricity (formerly known as Appliance Service) covers identifying troubleshooting skills in electrical circuits/systems, measuring electrical quantities, identifying operating characteristics and components of common sensing devices, and troubleshooting control devices basic to gas operated equipment.

Price includes book, exam, continental breakfast and lunch.

Propane Delivery (Bobtail/Cylinder Combo 2.1, 2.2, 2.4) – 3 days - \$360 per person

Tues-Thurs, Oct 7-9, 2014, 8 a.m.-4 p.m., Amarone's Windsor Inn, Windsor, NJ (Instructor: Dan Waters)

2.1 Propane Delivery Basics: Provides general information applicable to all drivers of cargo tank motor vehicles used to delivery propane, including DOT driver qualifications, personal protective equipment, CMT pre-trip inspections, verifying placarding, markings & inspections, flammable & combustible liquids, verifying the presence of odorant, handling CMV accidents, breakdowns & emergencies, parking/garaging of vehicles.

2.2 Bobtail Delivery: Identifying bobtail equipment and operating procedures, pre-unloading inspections, bulk plant loading/unloading systems & procedures, walk-around inspection of CTMV, purging propane containers prior to transferring product, handling out-of-gas calls & piping leak checks, evacuating ASME tanks, post-trip inspections, required monthly inspections, bobtail loading via compressor or auxiliary inlet.

2.3 Cylinder Delivery: Identifying features of cylinder delivery vehicles, preparing cylinders for storage & transportation, inspecting, evacuating and flaring cylinders, replacing valves & fittings on cylinders, requalifying cylinders, operating a dispenser, identifying DOT marking/labeling requirements, transporting DOT cylinders, operating a dispenser to fill vehicle-mounted ASME tanks, driving techniques, examining customer cylinders & installations, handling out-of-gas calls & leak checking piping systems, DOT exchange and motor fuel cylinder cabinet installation requirements, performing pos-trip inspections.

Price includes books, exam, continental breakfast and lunch.
