Premium increases can occur at any time during the calendar year with authorization from the N.J. Dept. of Banking and Insurance. Some companies may offer premium discounts. Some companies may charge a one time application fee (e.g.\$20/\$25). Questions about premiums, discounts, application fees, benefit packages, and eligibility for enrollment should be directed to the company.

Applicants applying during the first 6-months of Medicare Part B or in guaranteed issue situations will pay the preferred rates (shown above).

If applying for policy after your first six-months of Part B, the company may turn you down for coverage, or charge higher rates based on your health.
