Baseline Document Change Announcement

Breakaway Barricades - CD-671-1.3

BDC03D-01

July 8, 2003

SUBJECT: Revision to English and Metric Units 2001 Standard Roadway Construction Details, CD-617-1.

REFERENCE: *This announcement must be used in conjunction with the revision to Subsection 617.03-Traffic Control Devices dated July 7, 2003 (BDC03S-04).*

To comply with the FHWA requirements of NCHRP-350 compliant framing to mount 3-stripped panels, Construction Detail CD-617-1.3, for Type III Barricades, has been revised to depict the panels only and provide approved products (framing) information in the Specifications.

Instructions to Designers

The revised sheet shall be included in all projects requiring the use of type III Barricades that are scheduled for **Final Design submission after August 8, 2003.**

Distribution and Announcement Access Information

This announcement is being distributed electronically to our in-house staff and various public agencies based on our Construction Details BDC distribution list maintained by the Engineering Documents Unit. Internet access to this BDC Announcement and revised Construction Detail sheet can be downloaded and viewed from the following New Jersey Department of Transportation Web Page:
