Plan Coverage: _____

Provide a detailed coverage map for this plan.

Must use separate sheet for each plan submitted.

Any additional/associated charges not identified will not be paid by the State.

¹Please note that access discounts and the \$5.00 share option are already applied to the plans. ²Per minute cost is calculated by Monthly Access and General Allowance Minutes only. Unlimited IN Calling and Night and Weekends Minutes cannot be shared between Subscribers. ³Unlimited Push to Talk Plan subscribers can only communicate with other Verizon Wireless Push to Talk Subscribers and only from the National Enhanced Services Rate and Coverage Areas. For optimal Push to Talk performance, all callers on a Push to Talk session must have an EV-DO Rev. A capable device and be receiving EV-DO service. A Push to Talk call is terminated by pressing END or will automatically time out after ten (10) seconds of inactivity. While you are on a Push to Talk call, voice calls received will go directly to Voice Mail. When you are on a voice call, you cannot receive a Push to Talk call. You cannot prevent others who have your wireless phone number from entering you into their Push to Talk contact list. Only one person can speak at a time during Push to Talk calls. When using your phone keypad to make a Push to Talk call, you must enter the ten-digit phone number of the called party. Presence information may not be available for all Push to Talk contacts. The timeliness of presence information may be impacted by the network registration status of a Push to Talk contact. Your Push to Talk service cannot be used for any applications that tether your phone to computers or other devices for any purpose. Push to Talk-capable phone and feature required. Push to Talk subscribers cannot use Push to Talk or other data products and services (i.e. Picture Messaging, Mobile Web, Get It Now, BroadbandAccess Connect, etc) while roaming on other carriers' networks at this time. ⁴Push to Talk Subscribers may initiate or participate on a call, simultaneously, with as many as 20 total participants (19 members per group plus the originator). Push to Talk groups must be established via the Push to Talk website prior to initiating a group call. Subscribers may establish as many as 50 group lists of up to 20 participants (19 members per group plus the originator).

Response to Request for Best and Final Offer for Wireless Devices and Services (RFP #:05-X-37763)

SCHEDULE C - WIRELESS PRIORITY SERVICE (Per RFP Section 3.1.5)

Plan Type or Name: Wireless Priority Service (“WPS”) Access

Recurring Monthly Charges

(Per Authorized Mobile/Cellular Telephone Number): \$ 4.50/access

Per Minute Charges

(Per Authorized Mobile/Cellular Telephone Number): \$ 0.75/min

Non-recurring Charge

(Per Authorized Mobile/Cellular Telephone Number): \$ 10.00/feature connection fee

Please Note: The WPS Access charges, including the \$0.75/minute charge, are all in addition to the charges associated with the user’s Verizon Wireless calling plan.

Describe in detail how this service is provided. A preprinted documentation sheet may be attached in lieu of a written description here.

Wireless Priority Service (WPS) is a wireless network solution that will allow Verizon Wireless the ability to assign priority levels to certain government and industry subscribers who have been preauthorized by the National Communication System (NCS) division of the Department of Homeland Security (DHS).

Wireless Priority Service will enable users the ability to improve their probability of call completion during wireless network congestion in periods of National Security and Emergency Preparedness (NS/EP).

In order to qualify for WPS, you must first submit a “WPS Order Request” to the NCS WPS Program Office via the following link: <http://wps.ncs.gov/request.html>. You will be required to identify a WPS Point of Contact (POC) for your organization to interface with the NCS for the first and all future WPS requests.

The NCS will authorize the subscriber for an assignment of one (1) of five (5) priority levels based upon your National Security and Emergency Preparedness role. The priority levels are defined as follows, with priority one (1) being the highest level:

1. Executive Leadership and Policy Makers
2. Disaster Response/Military Command and Control
3. Public Health, Safety and Law Enforcement Command
4. Public Services/Utilities and Public Welfare
5. Disaster Recovery

Verizon Wireless does not have any input into your government authorization to receive WPS, nor do we determine your priority level assignment. The NCS will communicate their approval to you and the Verizon Wireless WPS Activation and Support Team via email. Once you have received your NCS approval and priority level assignment, the Verizon Wireless WPS Activation and Support team will also need an approval from your Verizon Wireless Account Designated Agency Representative (DAR) or your Verizon Wireless Account Authorized Signer in order to add the WPS feature onto your account. Your DAR or Account Authorized Signer can contact the Verizon Wireless WPS Activation and Support Team at 1-877-262-2950, or via email at VZWFederal.WPSRequests@verizonwireless.com.

Must use separate sheet for each plan submitted.

Any additional/associated charges not identified will not be paid by the State.

SCHEDULE F - WIRELESS DATA
(Per RFP Section 3.1.8)

Wireless Data Services and Associated Devices:

High Speed Wireless Network:

Type and Name of Network: Static IP - Isolated Pool w/Fixed End System (FES) [Internet Restricted]

Subscribers that are placed into this pool will be limited to utilizing the Verizon Wireless Network for transport to and from their FES connections with the Verizon Wireless Network. In addition to providing an Internet restricted Static IP address, customers will also gain the benefit of having mobile-to-mobile traffic denied. Utilization of the Static IP pool will permit the use of an Internet restricted IP address, thus minimizing Customers' risk and potential abuse of the network connection.

Speed and Pricing Options:

Table with 2 columns: Data Rate in Megabits per Second, One Time Account Set-Up Costs, Megabyte Allowance per Month, Overage Cost per Megabyte, Other Costs. Corresponding values: Per Subscribers' Selected Rate Plan, \$500.00 Static IP Fee per account level, \$1500.00 Connect Fee per new termination facility, Per Selected Rate Plan, Per Selected Rate Plan N/A, Per Selected Rate Plan.

1Static IP addresses will be available on remote access, MB and Unlimited NationalAccess and BroadbandAccess plans or features only. Static IP addresses are not available on MOU (Minutes of Use) Plans.

2Fees may not apply in certain VPN environments. Fees are per account level (regardless of the number of IPs ordered) selecting Static IP and may apply in addition to the \$1500.00 Connect Fee in certain configurations. The State of New Jersey will be charged one (1) account level charge.

3Applies to a connection set up that bypasses an existing facility to terminate in a new facility (new connection into the router). Offers an additional layer of security enabling the IP to be identified. Applicable if Verizon Wireless handles any other dedicated circuit other than the public Internet cloud (default) Port charge for routing to a new private or dedicated circuit (e.g. landline carrier, point to point DS1, Frame Relay or VPN to VPN).

Bidder must include a flat monthly rate as one of the plans.

Must use a separate sheet for each plan submitted.

The pricing submitted will be the firm pricing for the duration of the contract.

Any additional/associated charges not identified will not be paid by the State.

Annual Software Maintenance Cost 2nd through 5th Year: \$ N/A

Bidder must include technical literature and pricing sheets as part of this schedule. Attach additional sheets as necessary.

The pricing submitted will be the firm pricing for the duration of the contract.

In order to provide the State with a complete Advanced Wireless Messaging solution, Verizon Wireless will purchase the applicable BES server and CAL software (as listed above) on behalf of the State from the manufacturer (RIM) and pass through to the State the equipment at its cost. Verizon Wireless is not the manufacturer of the equipment and as such cannot hold the pricing firm for the duration of the agreement. However, Verizon Wireless will pass through any future price changes received from the manufacturer (decrease or increase) directly to the State.

Must use separate sheet for each plan submitted. Any additional/associated

charges not identified will not be paid by the State.

Additional charges may apply to Nextel rate plans, which are subject to change, and may vary by market. Such charges may include, but are not limited to, a Universal Service Fund assessment, a Telephone Relay Service charge, and in some states a mandatory state-required E911 fee. Please see Section 3.3.1.3 for further clarification.

Schedule C

Plan Type or Name: Public Safety Value Package (PSVP - Includes Priority Connect) with Wireless Priority Service Add-On

Recurring Monthly Charges (Per Mobile/Cellular Telephone Number): \$ PSVP - \$3.00 per month plus \$0.75 per minute; add \$1.00 per month for Wireless Priority Service

- OR -

Recurring Monthly Charges (Per Mobile/Cellular Telephone Number): \$100.00 per account + \$1.00 per subscriber for Priority Connect and \$1.00 per subscriber for Wireless Priority Service + \$0.75 per minute

The Federal government has mandated WPS pricing (as presented above), in order to eliminate wireless carrier selection based upon WPS pricing differentials. Wireless Priority Service and Priority Connect service both work on all Nextel handsets. The per monthly fee is waived for subscribers on any Government Total Rewards or Government Total Reward UDC Plan recommended in Schedule A; the \$0.75 per minute rate will still apply.

Advanced Wireless Messaging Service (Per RFP Section 3.2.2.1)

OPTION #1 Plan Name or Type: Email Only Plan – Unlimited

Recurring Monthly Charges per Unit: \$33.74 (with voice plan) or \$39.49 (without voice plan)

Number of Calls and Characters Allowed	# Unlimited email and web access	#
Overcall Charges	No Charge	\$
Telephone Option	\$0.40/minute – cellular, \$0.20/minute – Direct Connect, or add separate voice rate plan	
Flat Rate Monthly Cost Option	N/A	

Feature Descriptions: The BlackBerry Unlimited Email Plan includes unlimited email and web access. Cellular and Direct Connect service can be used on a pay as you go basis or a separate voice rate plan may be added.

Schedule F

Wireless Data
(Per RFP Section 3.1.8)

Wireless Data Services and Associated Devices:

High Speed Wireless Network:

Type and Name of Network: Sprint EVDO Rev A "Unlimited" data Plan

Speed and Pricing Options:

Data Rate in Megabits per Second	Download: 600 Kbps – 1.4 Mbps (Max: 3.1 Mbps) Upload: 350 Kbps – 500 Kbps (Max: 1.8 Mbps)
Monthly Access Cost	\$39.99
Megabyte Allowance per Month	UNLIMITED
Overage Cost per Megabyte	N/A
Other Costs	\$0.20 cents per minute on voice calls if applicable

Bidder must include a flat monthly rate as one of the plans.

Must use separate sheet for each plan submitted.

The pricing submitted will be the firm pricing for the duration of the contract.

Any additional/associated charges not identified will not be paid by the State.

Additional charges may apply to Nextel rate plans, which are subject to change, and may vary by market. Such charges may include, but are not limited to, a Universal Service Fund assessment, a Telephone Relay Service charge, and in some states a mandatory state-required E911 fee. Please see Section 3.3.1.3 for further clarification.

Schedule F

Wireless Data
(Per RFP Section 3.1.8)

Wireless Data Services and Associated Devices:

High Speed Wireless Network:

Type and Name of Network: **SPRINT 4G “WiMAX” Plan**

Speed and Pricing Options:

Data Rate in Megabits per Second	Download: 300-500 Mbps (Peak: 10 Mbps) Upload: 300-500 Kbps (Peak: 1 Mbps)
Monthly Access Cost	\$49.99
Megabyte Allowance per Month	Unlimited
Overage Cost per Megabyte	No Charge
Other Costs	No Charge

Bidder must include a flat monthly rate as one of the plans.

Must use separate sheet for each plan submitted.

Nextel offers additional, lower-speed data plans, known as Data Access (Total Connect) Plans and has included them within the Wireless Data Services Guide within Appendix A, but does not feel that the 19.2 Kbps speeds provided meet the State’s needs for this line item.

The pricing submitted will be the firm pricing for the duration of the contract.

Any additional/associated charges not identified will not be paid by the State.

Additional charges may apply to Nextel rate plans, which are subject to change, and may vary by market. Such charges may include, but are not limited to, a Universal Service Fund assessment, a Telephone Relay Service charge, and in some states a mandatory state-required E911 fee. Please see Section 3.3.1.3 for further clarification.
